

CEO's Secret Lover Chapter 36 To 40

Chapter 36 - His Woman

Luo Qing Yun felt her heart churning as she listened to Luo Jian Hai's words.

Especially after he said that he did not love her for nothing, which made her feel that it was even more ridiculous.

Since she could remember, her father was a gambler who never saw anyone. When had he ever loved her and her brother?

However, now was not the time to investigate this. She restrained her emotions and turned to look at Su Chen Hao at the side. "Mr. Su, thank you for saving my father."

"No need to thank me." A faint smile appeared on Su Chen Hao's face, and he said with a warm and ignorant voice, "He wasn't saved for nothing."

Hearing this, Luo Qing Yun instantly thought of the trade between them, and her small face immediately blushed.

"That's right, Qingyun, what kind of relationship do you have with Mr. Su? You even say thank you, that's too foreign. Mr. Su is not an outsider." Luo Jian Hai, on the other hand, felt at ease, and did not forget to teach his daughter a lesson. Finally, he looked at Su Chen Hao, "What do you think, Mr. Su?"

Luo Qing Yun really wanted to dig a hole and hide in it. How could she have such a shameless father?

"Uncle is right." Su Chen Hao had a smile on his face, but his gaze towards Luo Qing Yun became even more playful.

Luo Qing Yun felt that her face had become even hotter. She looked at Luo Jian Hai and said, "Wait here for a moment, I'll go up and change my clothes, then immediately bring you out of here."

"Leave? Why did he leave? Where are we going from here?" Luo Jian Hai looked at Luo Qing Yun with an expression of confusion, as if she did not want to leave.

"This is the home of the Mr. Su, we have already given the Mr. Su enough trouble, do you want to stay and continue to trouble the other families?" Luo Qing Yun was speechless. She didn't know where her father had gotten so shameless to want to stay in someone else's home.

After Luo Jian Hai heard this, his face became somewhat unhappy, "I say, you girl. That Mr. Su is not an outsider, what's wrong with troubling him? Besides, he doesn't think it's troublesome. Why are you in such a hurry to kick your dad out? "You haven't even gotten married yet and you're already like this. How can I count on you in the future?"

The more Luo Qing Yun heard about it, the more outrageous she became, especially when Su Chen Hao was still present. She suddenly felt so ashamed, "Dad, what nonsense are you spouting?"

"What is it? Am I wrong? Isn't Mr. Su your boyfriend?" Luo Jian Hai said as if he had seen through everything. Without waiting for Luo Qing Yun's explanation, he turned his head to look at Su Chen Hao, "Mr. Su, tell me, are you going to chase me away?"

"How could that be?" Su Chen Hao smiled, but his eyes remained cold: "It's just that, although my place is big, there are no servants to accompany me, I'm afraid that I might not be used to it if I live here."

"No, no, with Qingyun here, I can let her do housework." Luo Jian Hai was rather rude.

However, Luo Qing Yun did not have the face to continue staying here. She knew clearly that the fact that Su Chen Hao was able to help her rescue her father and daughter so smoothly was already a huge gift to her.

Furthermore, although Su Chen Hao did not say it directly, she knew in her heart that a person like Luo Jian Hai would not be welcomed no matter where he went.

How could Su Chen Hao possibly tolerate such a person staying in his own home?

"Mr. Su, I am very sorry to have troubled you. I will take my father away now." Luo Qing Yun said, then turned and went upstairs to change.

Bringing her figure with him as he disappeared down the stairs, Su Chen Hao finally withdrew the smile on his face. With a sinister gaze, he looked at the seemingly happy Luo Jian Hai who seemed to have found a treasure, took out a cheque from his pocket, wrote a number on it and passed it in front of him. "I wonder if this money will be enough for uncle's future life."

When Luo Jian Hai saw the cheque, his face was first overjoyed, but after hearing Su Chen Hao's words, his expression changed again and he retracted the hand that was about to extend his hand to receive the cheque. He looked at him with a puzzled expression, "What does Mr. Su mean by that?"

"Uncle, since you know about my relationship with your daughter, then you should know that I really cherish her. If uncle wants to stay here, then Qingyun will have to be involved in domestic tasks. How can I bear to do that?" Su Chen Hao waved the cheque in his hand, and said lazily.

Although Luo Jian Hai was a scum, after all, he had lived for so many years, how could he not understand the eviction order? Only, even so, he did not want to leave.

"Since ancient times, a daughter's filial piety is a matter of course. So what if she does housework?"

"I am not sure about other people's homes, but I, Su Chen Hao's woman do not exist to do household chores. Are you sure you don't want the check? " Su Chen Hao raised his eyebrows, preparing to tear the cheque.

Seeing that, Luo Jian Hai was naturally unwilling to let go of this opportunity to get the money, he immediately stood up and snatched the cheque from Su Chen Hao's hands, while counting the money on it, he muttered: "I also didn't say that I don't want it."

"Don't bother her anymore, I'll get the driver to drive you away." Su Chen Hao said as he took out his phone to call the driver outside.

"It's fine if you want me to leave, but it's only 5 million. My daughter isn't worth that much, Mr. Su, we will meet again someday." Luo Jian Hai carefully kept the cheque, standing up and walking out with a complacent look on his face.

Su Chen Hao looked at his leaving figure, and the corner of his mouth revealed a cold smile.

Luo Qing Yun, you stupid woman, is this the father that you have to save even if you sold yourself?

When Luo Qing Yun went downstairs after changing into the clothes she had worn the day before, she realized that Luo Jian Hai's figure had disappeared. Only Su Chen Hao sat on the sofa with a calm expression, as if he was waiting for her.

"Mr. Su, where's my father?" Luo Qing Yun walked to the side of the sofa and asked.

"Let's go." "Yes," he replied.

"He left? "Why did he leave by himself? I told him to wait for me ..." As Luo Qing Yun said this, he prepared to give chase.

"Don't worry, he took a lot of money and left." Su Chen Hao called out to her from behind.

Hearing that, Luo Qing Yun was startled, she turned around and looked at him puzzledly: "Mr. Su, what do you mean by that?"

"Luo Qing Yun, from today onwards, you are mine." Su Chen Hao looked at her, and said word by word with clarity, "Your father sold you to me."

"How... How could this be ... What right does my dad have to sell me to you... "How can he ..." Luo Qing Yun's voice was choked with sobs and her nose stung. Her tears rolled down her cheeks without any warning and fell like pearls from her eyes.

"He doesn't have any rights, so you're still free. As for the money, you don't have to pay it back to me." Su Chen Hao crossed his legs and spoke with a light tone.

Chapter 37 - Big Trouble

Hearing that, Luo Qing Yun immediately stopped crying, and looked at him in disbelief: "What you said Is that true? "

"Of course, I don't mind if you use other methods to pay your debt." As he spoke, he stood up and walked over to her, his slender fingers stroking the long hair that had fallen over her shoulders. "For example, at night, in bed ..."

Luo Qing Yun's face burned red all the way down to her neck, her head drooped, her pair of small hands nervously rubbing against each other, not knowing where to put them.

"Since you've changed, let's go." When Su Chen Hao saw her embarrassed look, he didn't know why, but he suddenly felt a lot better. He retrieved the big hand that he had placed on her shoulder, turned around, and walked towards the direction of the main entrance.

Luo Qing Yun raised his head, and looked at him in a daze, "Go ... "Where?"

"Eat."

Only now did Luo Qing Yun remember that she had not eaten breakfast.

Su Chen Hao brought her to a Chinese restaurant that drank morning tea and ordered a lot of snacks. Luo Qing Yun was no longer courteous, she ate three Soup Dumplings and two fried dishes, then drank a small bowl of pumpkin porridge and put down her bowl and chopsticks, not wanting to leave yet.

"Full?" Su Chen Hao looked up at her.

"Yes." Luo Qing Yun felt that she had received too many favors in the past two days, and was slightly embarrassed. She raised her head and looked at him, took a deep breath and said, "Mr. Su, can you tell me how much money my father took from your hands?"

"Why?" He remembered that he had said that she didn't need to pay the money back.

Luo Qing Yun pursed her rosy lips, her little face was a little nervous. "I will work hard to slowly pay back the five hundred thousand that you helped me save my father with. As for the money my father took from your hands, although you said that I don't need to pay it back, I understand the principle of a father paying his debts. When my brother finishes his studies, we will think of ways to make money back to you, but it might take a little longer. "

"It seems that you like to return the money." Su Chen Hao raised his eyebrows, and said coldly, "Since it's like this, then remember the one billion that you owed me before, and pay it back together."

"..." Luo Qing Yun suddenly felt that it was not wise for him to mention the word "return" in front of him.

"Why aren't you speaking?" Su Chen Hao intentionally asked when he saw her speechless expression.

"Mr. Su, you know that I will never be able to pay back that one billion ..."

Why did he make it so difficult for her? Furthermore, she never believed that the one billion yuan should be her debt.

"So you chose to avoid the important matters and return what you could, right?" Su Chen Hao saw through her, "You're quite smart."

"I didn't mean that ..." She wanted to explain.

"What does that mean?" he asked.

Luo Qing Yun went silent. Well, that was what she meant.

"Ring, ring, ring ..." Her cell phone suddenly rang.

He picked up his phone and looked at the caller ID. It was Tan Yan.

"Hey, Tam Tam."

"Manager Lo, where are you?"

"I'm here ..."

"Forget it, I don't care where you are right now. In short, you must appear in front of me before two o'clock this afternoon."

"Ah?" What's the matter? What happened? " Luo Qing Yun was confused.

"What happened? I have to ask you. Anyway, I tell you, you're in big trouble this time. Hurry up and show yourself! " After Tan Yan finished speaking, he immediately hung up.

Luo Qing Yun looked at the phone that was hung up, her face at a loss.

Was she in big trouble?

What kind of trouble was this?

"What's wrong?" Opposite of them, the man's eyes were always on her. He could vaguely hear the exasperated voice on the other end of the phone, but he wasn't sure what it was.

Although he found it hard to voice out loud, Luo Qing Yun had no choice but to raise his head and look at him, begging in a low voice, "Mr. Su, can I trouble you to lend me some money? I need to buy a plane ticket back to City X."

"What happened?" he asked.

Luo Qing Yun shook her head, "I don't know either, but Tam Tam wants me to definitely appear in front of him before two in the afternoon."

Hearing that, Su Chen Hao lowered his head to think for a moment, then picked up his phone and made a call, "Sofia, book me a plane ticket to City X in an hour or two. I'll send you my name and ID number right away. "

Luo Qing Yun immediately texted his name and ID card number to Su Chen Hao's phone, and then sent it over to his secretary.

After getting up and preparing to leave, Su Chen Hao took out his wallet and handed over all the cash inside, "I'm not used to bringing too much cash normally, it's only this much, take this."

Luo Qing Yun looked at the small stack of bills and waved her hands, "No
"No, two hundred dollars is enough. I only want the fare."

"Take it." Su Chen Hao stuffed the bill into her hands, walked out of the hotel and got on the car.

As Luo Qing Yun held the money, her heart was filled with gratitude.

Although he had put on a face like Huang Shiren a few minutes ago, but now, he was so generous. She did not understand what kind of person this man was and why he changed so quickly.

"What are you standing there for? Get in the car. " In the carriage, Su Chen Hao was urging them.

"No, no need. I'll just take a taxi." The airport was too far away, and she knew how precious the time of a great man like him was. He had already been delayed all morning because of her father, so she didn't dare to trouble him anymore.

Just then, Su Chen Hao's phone rang again.

"What is it?" he asked as he picked up the phone.

"Young master, it's me. Master is in good spirits today and would like to see you. Can you please make a trip back to the mansion?" It was the butler, Hu Bo's, voice on the other end of the phone.

"Alright." He agreed, put down his phone, turned and looked at Luo Qing Yun, then threw down the words "be careful". With one foot on the accelerator, the car sped past her line of sight.

City X.

Luo Qing Yun got off the plane and went straight to the hotel.

Stepping into the hotel, she could feel her colleagues looking at her strangely. Everyone pointed at her and whispered.

Luo Qing Yun took the elevator up to the fifth floor at an unknown time.

Just as he entered Tan Yan's office, he saw two well-dressed men sitting on the sofa. One of them was a slightly older man in his forties while the other was a young man in his mid-twenties.

"Tam Tam, what happened?" Luo Qing Yun walked in front of Tan Yan, and without taking a breath of rest, asked directly.

When Tan Yan saw her, he immediately stood up and pulled her to the side of the sofa, and said to the two men: "Leaders, this is Manager Lo, if there's anything, please ask."

After the two men heard this, they stood up as well and sized Luo Qing Yun up from head to toe, then asked, "You are Luo Qing Yun?"

"Yes." Luo Qing Yun nodded, "You are?"

"We are from the municipal government's investigation team. We have something to ask you." The middle-aged man said as he took out a photo from his briefcase and handed it to her. "Is this you?"

Luo Qing Yun looked at the photo, it was the picture of her playing cards that was published in the newspaper.

Although she didn't understand the other party's intention, she still nodded, "Yes."

"Alright, then I'll have to trouble you to come with us. We have something that we need your cooperation in investigating." The other party said, and wanted to take her away, regardless of whether Luo Qing Yun was willing or not.

Seeing that, Luo Qing Yun immediately turned to look at Tan Yan, hoping that he would help his.

However, in the current situation, it seemed like Tan Yan was powerless to help. He could only look at her with an expression of sympathy, but didn't dare to say a single word.

Y City.

Su Family Mansion.

Su Chen Hao accompanied the old man to eat lunch and send him to bed.

Just as he laid the old man down, his phone rang.

Looking at the caller ID, it was Qiu Ye calling.

"What is it?" After answering the phone, he directly asked.

Usually, if something big didn't happen, Qiu Ye would definitely not have called.

"CEO, something happened at City X. I just received news, I don't know who posted Housekeeper Luo's information online, but he was found out to be the woman at the card table. Adding on to that, during the investigation of the corruption case in Moon Island, Yang He Zhi insisted that you were also there, and Housekeeper Luo was one of your people. Now that the Housekeeper

Luo has been taken away to assist in the investigation, I'm worried that she will give you up ... "

"Immediately book a plane ticket to City X." As Su Chen Hao gave the order, his face turned as cold as steel.

Gu Yun Tea House.

Luo Qing Yun looked at the man and woman in plain clothes, the expression on her face was a little anxious, "I've told you guys many times, I don't know anything, so don't ask me anymore."

"Ms. Luo, I advise you to cooperate a little. There are some things that you have to explain yourself and investigate with us. They are of two different natures, I hope you can understand." The female staff said.

"I am not disagreeing with your cooperation. What I said was the truth, Mr. Su is our restaurant's distinguished guest, I am only his butler. Because he is not familiar with X city, so let me take him to the scenic spots, I was just a guide, do not know anything else. If you don't believe me, you can ask Mr. Su. " Luo Qing Yun was about to cry from anxiety, she had already said the same words more than fifty times, but these people were just patiently waiting, constantly asking questions.

"Alright, since you said that you're just a guide, then let me ask you, do you know those two people you play cards with?" The male staff member could tell that she wasn't lying, so he asked again.

Shaking her head, how could she know those people? "I don't know them, I don't know any of them." When will you let me go? What crime have I committed? Gambling? But I don't have any money to gamble with, and I only fought a little, and I even lost.

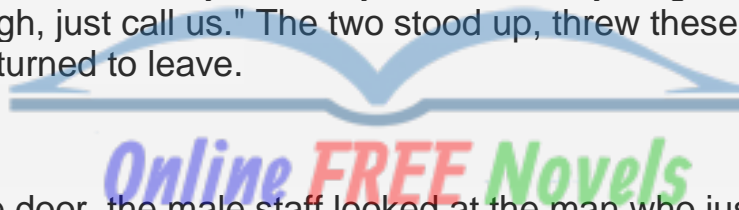

Hearing her words, the two of them looked at each other, then said, "Do you know the development proposal for Moon Island? Did Su Chen Hao ever mention this to you? "

"No, that day, we were prepared to go to the museum, but it seems that the Mr. Su received a message and changed routes to the Moon Island. I don't know what kind of tender it is, Mr. Su never mentioned this to me before." Luo Qing Yun tried her best to recall the events of that day as she replied in detail.

"You said he received a message? Do you know what it is?" When the male staff heard this new clue, he hurriedly asked.

"I don't know, how could I possibly peek at the customer's phone?" Just as Luo Qing Yun finished answering the question, the teahouse door was pushed open by someone from the outside. A man came in and bent down to whisper a few words into the servant's ear.

"Stay here and think carefully about if you missed anything. Once you've thought it through, just call us." The two stood up, threw these words to Luo Qing Yun, and turned to leave.

After exiting the door, the male staff looked at the man who just entered the room, "You said that Su Chen Hao took the initiative to submit, is that true?"

"Yes, but it is to assist the investigation. I looked at the statement that was sent over, and saw that it was exactly the same as what Luo Qing Yun said. "There's no doubt about it."

"In other words, they really were only planning to go to the museum at the beginning, but because Su Chen Hao received the news that there was a party at Moon Island, he worried that Yang He Zhi was planning to play tricks behind the scenes and bribe the government officials to come over to take a look. It was only because Yang He Zhi did not want to participate in the game, that's why he got his butler, who is also known as Luo Qing Yun, to play with them. "

"That's right." The man nodded, he thought for a while and continued, "Not only that, even the picture that we saw was taken by Su Chen Hao himself. The higher ups said that Su Chen Hao has done a great service to report

corruption and should be rewarded. Furthermore, his identity is unique, so we need to clear up the situation and quickly send him back to the hotel. "

"Su Chen Hao is not with us, sending him back to the hotel is not our problem." The female staff member was confused.

"Although Su Chen Hao is not here, but his personal butler is. He has already mentioned to the higher ups to release him, and the meaning of the above is, if there is nothing suspicious, then release him."

"This... You're letting it go just like that? " The female staff was somewhat unwilling.

The male staff member waved his hand, "That's enough, let it go, let it go. I don't think she's lying. Moreover, the higher ups had already confirmed Su Chen Hao's reported actions, proving that he was not suspicious at all. Furthermore, if Su Chen Hao really wanted to bribe them and the Moon Island was participating in the party, why would he bring the butler that he had only known for a few days to the hotel? That little girl must have been scared out of her wits today, let her go. "

Luo Qing Yun didn't know how she got home. The moment she got off the car, she felt her legs go soft and she almost kneel on the ground.

As she walked into the corridor, she did not notice a black luxury car parked downstairs.

He went upstairs, lowered his head and walked to the door of his small apartment, squatted down, fished out the spare key from under the flowerpot and was about to open the door.

"I'm back." A familiar low voice sounded in front of her. Raising her head, she saw Su Chen Hao's tall and straight body standing straight in front of her, his handsome face was being shone upon by the setting sun, and the outline of his silhouette was being thrown perfectly on the wall.

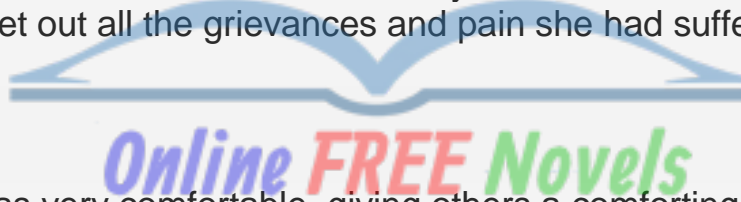

Not knowing why, the moment Luo Qing Yun saw this figure, she only felt her nose turn sour, and all the grievances in her heart immediately gushed out. She rushed in front of him, clenched both her hands into fists, and raised her hands to pound wildly at his chest.

Chapter 39 - Not Beating Women

She cried as she punched, "It's all your fault, it's all your fault! Why did you bring me to Moon Island? Why should I get involved in your mess? Do you know how scared I am that I can't go to jail? My brother is studying abroad and my father is like that. I still owe you so much money. What should I do? What do I do? "

Su Chen Hao did not dodge, he only extended his hand, and pulled her into his warm and wide embrace. He looked down at her flushed face, and allowed her to vent.

Luo Qing Yun was tired and cried sorrowfully as she laid on his chest, as if she wanted to let out all the grievances and pain she had suffered these past few days.

His embrace was very comfortable, giving others a comforting feeling. When Luo Qing Yun had cried enough, she suddenly realized that her actions were out of bounds. In a hurry, she raised her head and struggled out of his embrace.

Her glistening teary eyes fell into his deep black ones. She instantly felt the cold aura radiating from his body, causing her to shudder.

What did she just do?

She was so angry that she was waving her fist at him.

He turned around, not daring to look at her face again. He took out the key and opened the door. Just as he was about to walk in, his hand was firmly grasped by a large palm, pulling her from the door to the wall.

"Who told you that you can turn around and leave after beating someone?"

Luo Qing Yun was extremely frightened by this sudden action. She pressed her back against the wall and looked at the gloomy man in front of her with her watery eyes. She did not even dare to breathe loudly.

Seeing her retreating aura and the gaze that had become a little timid, the gentle looking thin lip once again opened her eyes. Her gaze became a little gentler. Wasn't it very powerful just now? "

Luo Qing Yun opened her mouth, wanting to apologize.

However, he was still a bit unwilling in his heart.

It was clearly he who had implicated her and caused her to be taken away for so long. Wasn't he the one who should be apologizing?

Furthermore, although she had hit him a few times, she didn't use much strength. As a man, he shouldn't be so petty, right?

Raising her head, she bit her lips and looked at him stubbornly, "Then what does Mr. Su want? Want to call back? "

Su Chen Hao thought that she would shrink back, but he never thought that she would actually have the courage to argue with him. Surprise flashed past his eyes, and the aura around his body became even colder than before.

Her two beautiful thick eyebrows were knitted together, her lips slightly lowered, and she tightly pursed her lips without saying a word.

"I don't hit women!"

After a long while, Su Chen Hao opened his mouth, releasing the hand on the wall. He turned and pushed the door, and then took a big step forward.

"Hello ..." "You ..." Luo Qing Yun saw him just like that, entering his own house, and immediately became anxious, and quickly followed him in.

Her speed was very fast, but Su Chen Hao was blocking in front, so without any warning, her forehead directly struck his sturdy back, causing her eyes to shine with pain.

"Although I don't beat up women, if you continue to provoke me like this Housekeeper Luo, I will still be rude to you." The man that was hit turned around and looked at her with a displeased expression.

Luo Qing Yun rubbed her head that was hurting from being hit, her little face looked really sad, and she muttered, "I didn't do it on purpose."

Su Chen Hao did not bother with him anymore, walking elegantly in a circle around the room, "This is your home?"

Luo Qing Yun walked over to the side of the table, knelt down, poured a cup of water, drank it all in one go to calm her frightened small heart, wiped her mouth, and then raised her head, "That's right."

Su Chen Hao's gaze landed on her body again, accurately speaking, it was on the empty cup in her hands.

Luo Qing Yun followed his line of sight, lowered her head, looked at her own cup, seemed to have thought of something, and asked in a daze: "Do you want to drink water?"

"Alright." He actually nodded.

Luo Qing Yun was just casually asking, but since the other party wanted to drink, she did not refuse. After all, they were all guests.

However, there was one serious problem.

She waved the cup in her hand, looking confused, "But what do we do? This is the only glass of water in my house that I've ever used... Why don't you just use the jug? "

While she was speaking, her mind couldn't help but think of a majestic business kingdom's Mr. Su holding a kettle and drinking water, don't be too beautiful.

"Use yours." He didn't give her much time to imagine, so he spoke directly.

"Huh?" Luo Qing Yun thought she heard wrong.

"I don't mind." As he spoke, he sat down on the couch beside him. His two long legs were crossed over each other, making him look like a guest.

Luo Qing Yun's mouth twitched twice, but she still obediently poured him half a cup of water and passed it to him, "Please enjoy."

Su Chen Hao looked at her unnatural expression, the corners of his mouth slightly raised up as he received the cup and drank.

Luo Qing Yun watched as his lips pressed against the cup that she had just used. For some reason, her little face started to turn red and hot, while small heart also started to jump up and down violently.

Is that an indirect kiss?

she thought, shaking her head again, cursing herself for being wrong.

After drinking the water, Su Chen Hao was not very interested in her small and simple house. He got up and looked down at Luo Qing Yun who was sitting in front of the tea table, immersed in the scene of Su Chen Hao sharing a cup with her. "Let's go."

Luo Qing Yun came back to reality and stared at him: "Where to?"

"Has the Housekeeper Luo forgotten his job?" Su Chen Hao lightly frowned as he said this.

"Oh, you mean to go back to the hotel." Luo Qing Yun immediately stood up from the ground and tidied up her clothes.

Su Chen Hao looked at her blank look before lifting his leg and walked out.

Just as they were about to walk towards the direction of the stairs, Luo Qing Yun suddenly saw a fat female figure coming from the first floor in front of them. She quickly took a step back and hid behind Su Chen Hao.

He was very tall, and when Luo Qing Yun hid behind him, the person in front could not basically see her.

However, her actions puzzled Big Boss Su. He turned around and looked at her in confusion, "What are you doing?"

Luo Qing Yun immediately gestured to him to keep quiet, her small hands frantically grabbed onto his large palm, and dragged him back into the house.

Su Chen Hao didn't know what kind of crazy things she was doing, but seeing that her face was filled with mystery and nervousness, he could only follow her back into the house and watch as she locked the door.

"Housekeeper Luo ..." He opened his mouth and prepared to ask her what the hell was going on.

However, before he could finish his sentence, the woman's hand had already covered his mouth.

Her hands were very soft, and there was a faint smell of hand cream. It smelled a little sweet.

Chapter 40 - Help her pay

"Shh, please don't talk for now." She no longer cared about etiquette or who the other person was. She decided to shut him up first.

Because of the difference in height, Luo Qing Yun needed to tiptoe to firmly cover his mouth when standing in front of him.

However, her body seemed to be struggling as a result of this. Her small face wrinkled nervously and she seemed to be in some pain.

Su Chen Hao did not struggle, and allowed her small hands to press onto the warm thin lip. His black eyes became especially bright, and emitted a dazzling splendor as he stared fixedly at the little girl in front of him.

It was probably because his eyes were burning hot that Luo Qing Yun had no choice but to notice that when her eyes made contact with his deep eyes, she was shocked to realize that her actions right now had already completely exceeded the line between the two of them.

In his palm, the heat from his lips instantly became scorching. He hastily retracted his hand and softly said, "Sorry, I ..."

"Dong Dong Dong ..." Before she could finish apologizing, the sound of someone knocking on the door came from outside, following that was another loud middle-aged woman's voice, "Miss Lowe, please open the door, I am Sis Wu, shouldn't you pay your rent for this quarter?"

Su Chen Hao heard the voices outside and immediately understood what was going on.

The gaze he used to look at Luo Qing Yun also became clear.

"Miss Lowe, open the door, I know you're back, the security guards saw you come in. Tell me, how long have you been stalling your rent for this quarter? I've come to your place no less than ten times, right? If you're not here, why don't you just hand in your salary? Let me ask when you're going to pay? "

Outside, the woman's voice was still ringing.

As Luo Qing Yun was left alone with the crowd, she was also stared at by Su Chen Hao as he made a joke.

She didn't want to be looked down upon by Su Chen Hao, and thought that she was a criminal who liked to owe money.

However, if she opened the door now, she really wouldn't have the money to hand it to the landlord. She didn't know how to explain it to him.

"I can help you." His voice was low, and there was no mockery or mockery in his eyes.

"No, no, I owe you enough." She quickly waved her hands and felt that she was too ashamed to accept his money anymore.

However, the other party had already decided to help her, so how could she refuse?

With his big palm on the doorknob, he twisted gently, causing the door to open instantly. Su Chen Hao's tall and big figure instantly appeared at the door, the domineering landlady's expression froze when she saw this man who looked like a god.

"How much is it?" he asked, opening his mouth.

The landlady recovered from her shock and blinked her bloated eyes. With an ugly smile on her chubby face, she asked, "Sir, who are you?" Is he a friend of the Miss Lowe? "

"Um, Sis Wu, I ... "I'll pay the rent in two days ... " Luo Qing Yun squeezed her head out from Su Chen Hao's side and prepared to ask the landlord to give him a few more days.

Who knew, before she could even finish, Su Chen Hao had already taken out a stack of bills and passed it to the landlord, "Is this enough?"

The landlord took the money and counted it. With a total of seven thousand yuan, he once again revealed an infatuated smile. "Enough, enough, enough ... " "There's a lot more."

"There's no need to look for it." Su Chen Hao was a little disgusted by the look in the man's eyes. After saying that, he turned around and closed the door.

The landlord was locked out, but his expression was still unsightly. She had never seen such a handsome and domineering man in her life.

"Mr. Su, how can you give her that much money? I'm going to get the extra money back from her. " Luo Qing Yun was not as generous as Su Chen Hao, she lifted her leg and wanted to open the door to go out.

Su Chen Hao grabbed her and pushed her against the wall. He wrapped his arms around her shoulders and stared at her without saying a word.

He stared at the metal buttons on his shirt and explained softly, "I didn't mean to owe her rent. Originally, a few days ago, I had paid a salary and was prepared to send my brother's living expenses to the United States, so the remaining money was given to her to pay the rent. But who would have known that my father would be in trouble, so I could only take out all my money to save him. "I know that owing money isn't good, and I don't like owing money, but ..."

But before she could say anything, she saw him lean over, and the warm thin lip, with a strong masculine scent, covered her rosy and soft mouth without any warning.

"Ugh ..." She was so scared that her whole body went stiff, and her brain lost its ability to think. Her pair of bright eyes widened, and she was at a loss of what to do.

His kiss brought with it an electric current, causing her entire body to go numb and her legs to go limp.

She raised her small hand reflexively and pressed it against his chest. She originally wanted to push him away, but in the end she somehow moved onto his shoulder and hooked onto him, afraid that she would fall down.

The kiss, which was originally like a dragonfly touching the water, suddenly became warm, and the palm of her hand rested on her slender and small waist, forcing her entire body to stick close to him.

Luo Qing Yun felt that she couldn't breathe, her little face was red from holding back, and her lips were full of the masculine scent that came from his body, causing her to be confused.

Presumably afraid that she would suffocate him to death like this, he finally let go of her. He lowered his gaze and stared at her crimson face that was filled with shyness and helplessness. He whispered, "This is interest."

Interest?

Breathing in the fresh air once again, Luo Qing Yun lifted her head and looked at the charming face that was just inches away from her own.

Taking a deep breath, his nose was filled with the faint scent of cologne that came from his body. He was still in his embrace, his chin pressed against her forehead.

"Of course, if you wish, you can consider this as my uncontrollable reaction to you." After all, tying this kiss to her debt somehow blasphemed his feelings for her.

Luo Qing Yun didn't expect him to say such words. Her small face was stunned as she slowly raised her head and looked at him with bright eyes that were as deep as the ocean. "Mr. Su, what do you mean by that?"

"It means that you'd better learn how to kiss and receive at once. Otherwise, I can't guarantee that I'll let you off so easily the next time." As he spoke, he lifted his slender finger and flicked it lightly on her forehead. Then, he turned around to look around the small room. He then opened the door and walked out.

Luo Qing Yun was still thinking about what he had just said.

Next time?

What do you mean?

Was there a next time they kissed?

When he returned to the hotel, it was already 7 o'clock in the evening.

Luo Qing Yun had originally planned to send the dinner over to the presidential suite, but Su Chen Hao seemed to be very interested in it. He insisted that she accompany him to the dining hall to eat, even throwing her a seemingly expensive dress.

Luo Qing Yun held onto the dress, and stood at the side in a daze, not knowing what this meant.
